

Dear Carlos,

I just want to thank you for taking time out of your very busy schedule to share with the academy students. They appreciate the “break” in work and learning that what their teachers are saying *really* is important in the real world (Integrity, teamwork, respect, etc.). They especially enjoy it when they are involved in the conversation and I get to learn a little more about them as they open up a bit.

Thanks again for helping to develop your future leaders!

Maureen
