Re: Omega Business Coaches and Marketing

Dear Mr. Del Campo:

I want to thank you for your infinite assistance with starting my business. As a first time business owner, I had no idea how to get started. You built my website, prepared a business plan and developed a wonderful marketing strategy. You have guided me through the process with great care and attention to detail. Your words of wisdom and daily encouragement have been invaluable.

You are a wonderful resource which I truly hope is discovered by many. Thank you once again.

Sincerely,

Yolie Leinberger  
Owner
